Our furniture is built to withstand the wear and tear that comes with active student life, providing our clients with maximum return on their investment. And, our proprietary technology and processes ensure efficient and precise installation. Your project will be completed on time, on budget, every time.

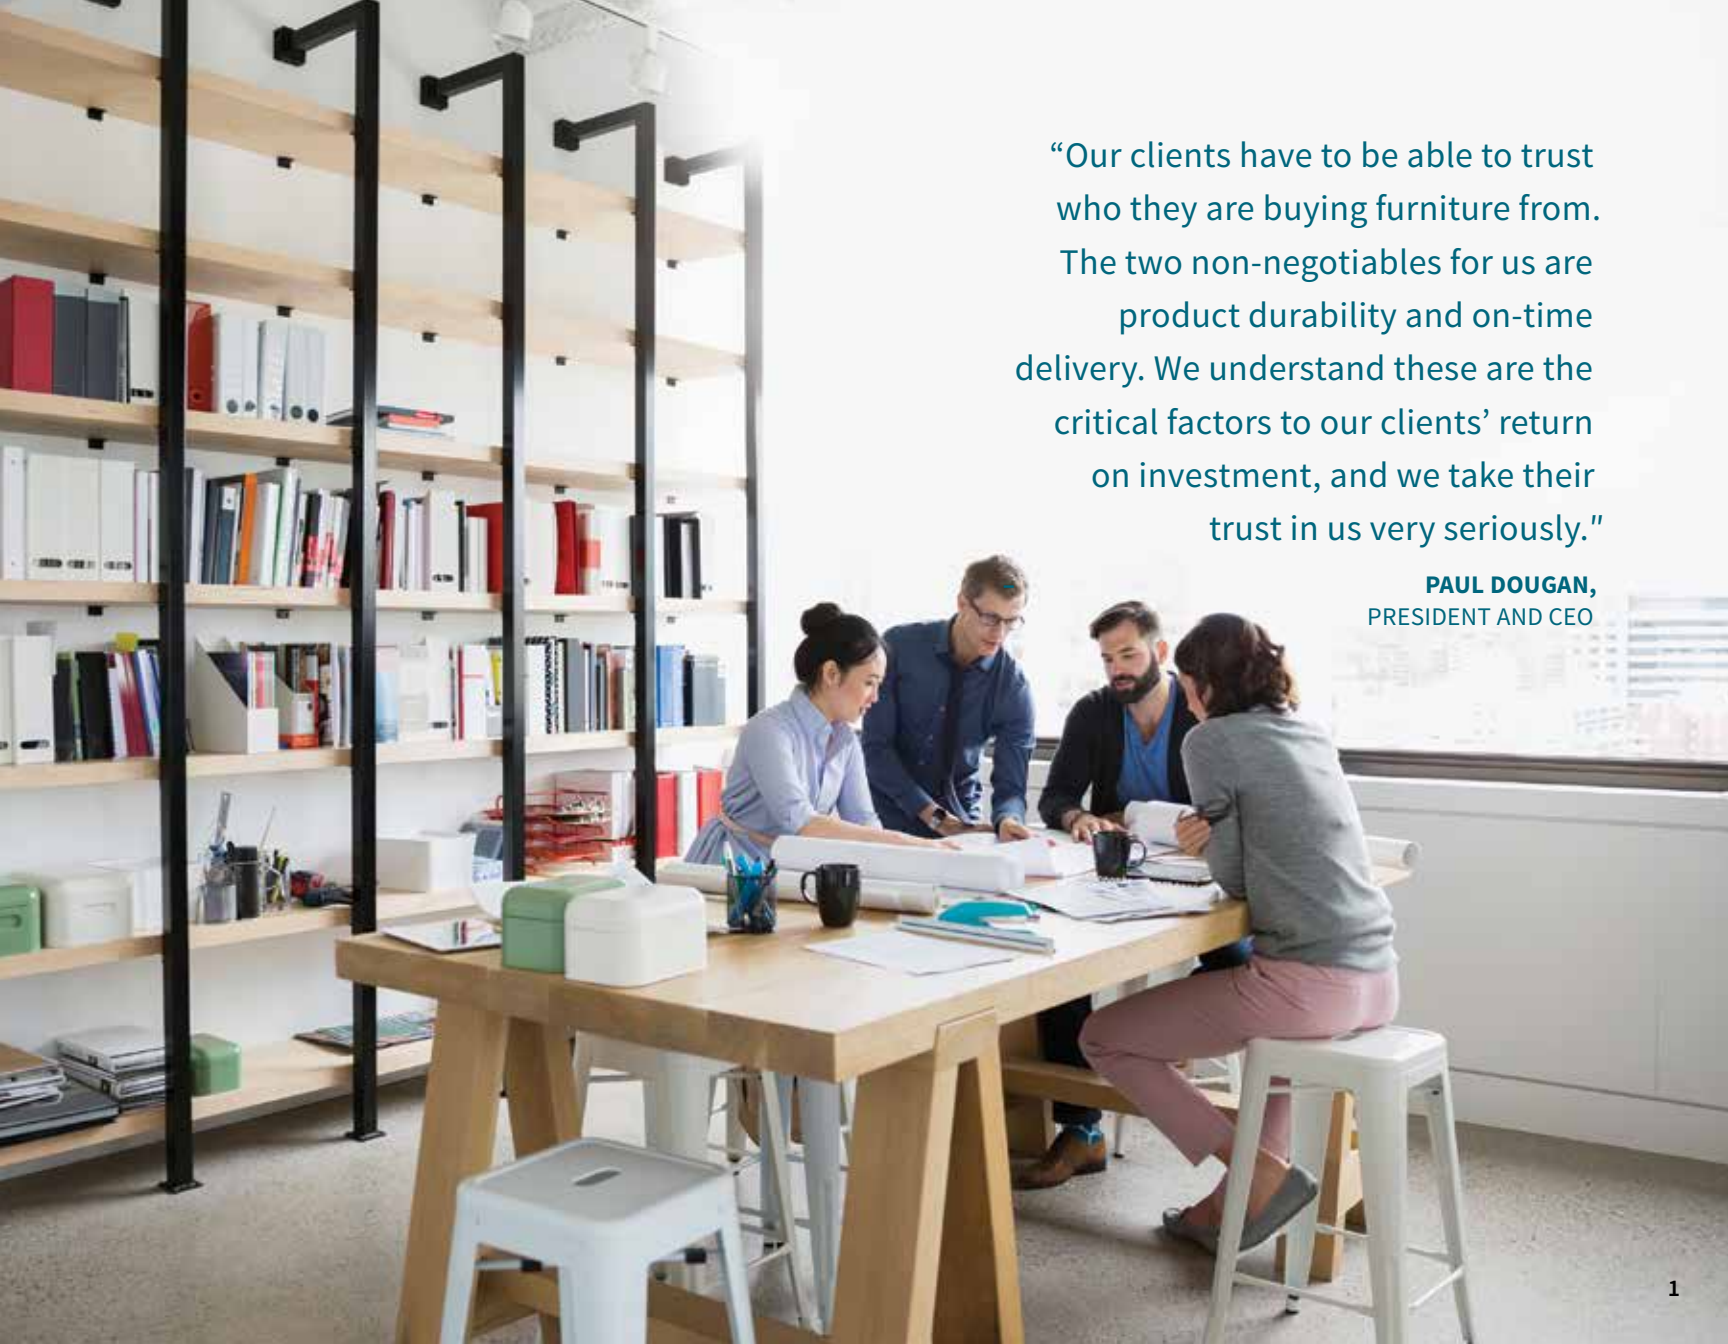

We will deliver a seamless client experience – giving you total peace of mind from concept generation to project completion and beyond.

At University Furnishings, our top priority is to make you – and your residents – as comfortable as possible.

About Our Collections

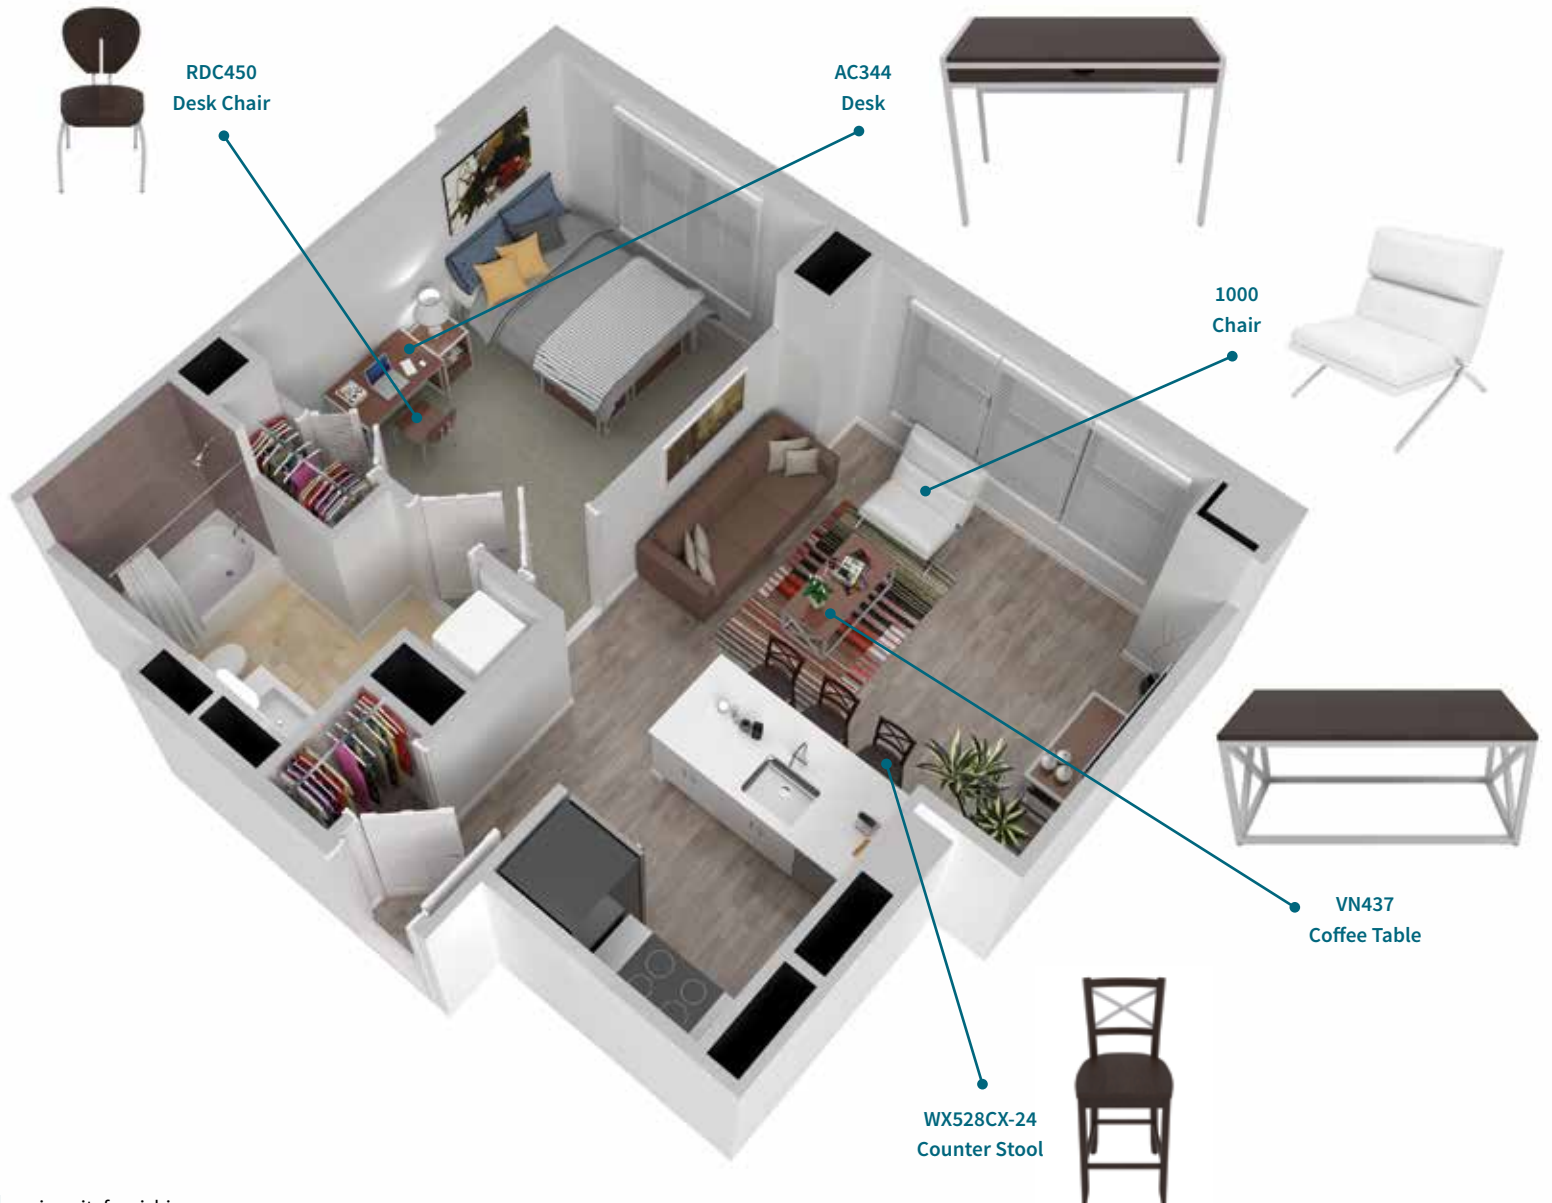

Within our extensive product portfolio, there are thousands of product offerings with virtually endless options and features. The curated collections featured here are representative of that portfolio, with each collection focusing on different student furnishing needs, from small space options with ample storage to sprawling sectionals that offer maximum comfort and a place to gather and relax.

“Our clients have to be able to trust who they are buying furniture from. The two non-negotiables for us are product durability and on-time delivery. We understand these are the critical factors to our clients’ return on investment, and we take their trust in us very seriously.”
